

# MALTER

PRODUCTIONS

# FROM CONCEPT TO COMPLETION

We bring together skilled professionals to deliver complex event projects for international clients.

From design and pre-production to fabrication and on-site installation, our teams support projects across the live events industry.

Our experience includes major international sporting events, from Liv Golf to Formula 1, music festivals, and other large-scale productions.

Working independently or in partnership with other companies, we adapt our teams and expertise to meet the specific requirements of each project.

# ONE TEAM. MULTIPLE DISCIPLINES

## CONCEPTUALIZATION

Transforming initial ideas, designs and client requirements into practical solutions ready for production.

## INSTALLATION

Executing projects onsite with coordinated teams, experienced leadership and careful attention to detail.

## PROJECT MANAGEMENT

Experienced project management and team leadership supporting projects from preparation through delivery.

## ON-SITE DELIVERY

From pre-production through final installation, our teams work alongside clients and partners to deliver projects efficiently and safely.

# Afro Nation Portugal 24-26

Delivering brand activations for partners including Spotify, PrettyLittleThing, and others, alongside festival signage, wayfinding, merchandise, and other projects.

From concept and design to production and final delivery, we helped shape the visual experience of AfroNation Portugal.

Project management

Fabrication

Installation

# Afro Nation Portugal 24-26

# LIV Golf 2026

Supporting the delivery of LIV Golf 2026 through project and build management across key supplier workstreams. Working with ADI, we provided project management for the delivery of LED solutions, while with Red Door, we managed the build and on-site delivery of the fan villages.

Our role focused on coordinating teams, timelines, and delivery to ensure each project was executed smoothly and to the required standards.

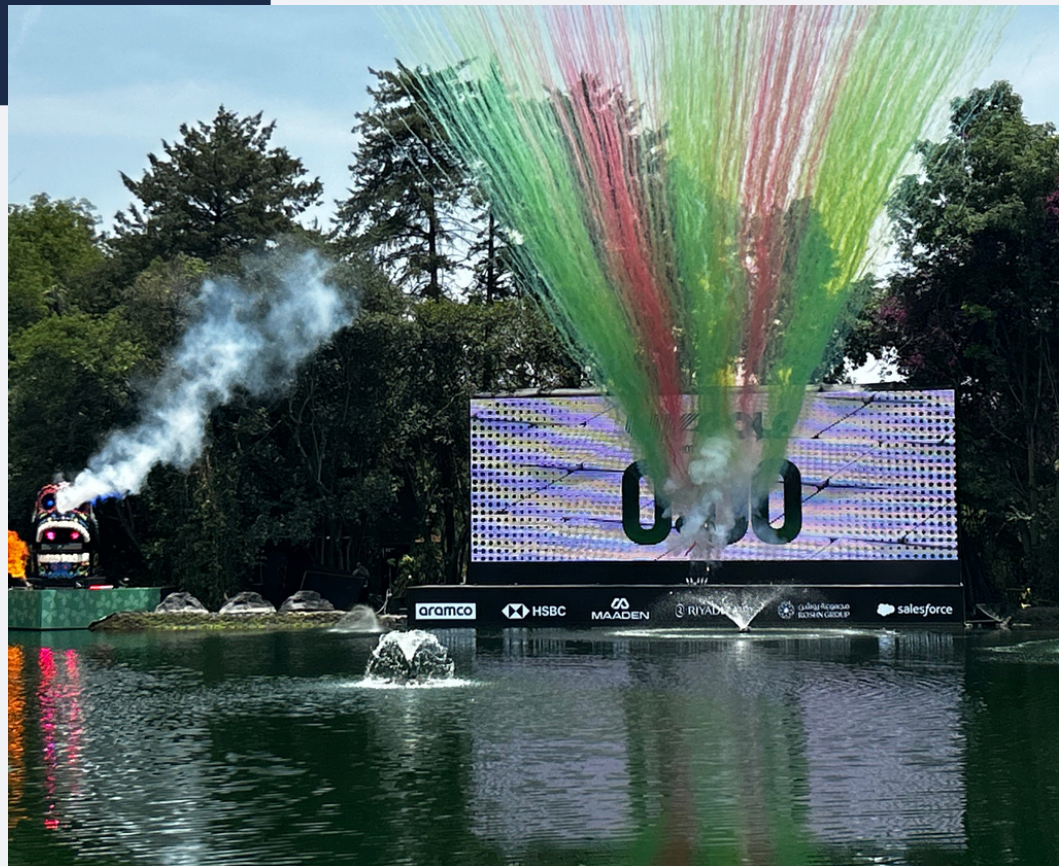

Project management

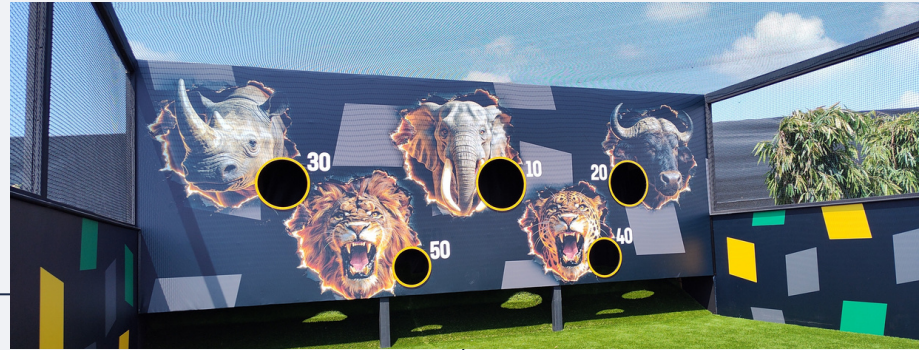

Fabrication

Installation

# LIV Golf 2026

# Formula 1 2021-2024

Managed the delivery of Formula 1 projects across podiums, cool-down rooms, LED screens, paddock entrances, press areas, and hospitality environments.

Coordinating teams, suppliers, and resources from planning through to final installation, we delivered complex projects efficiently and to the highest standards.

Project management

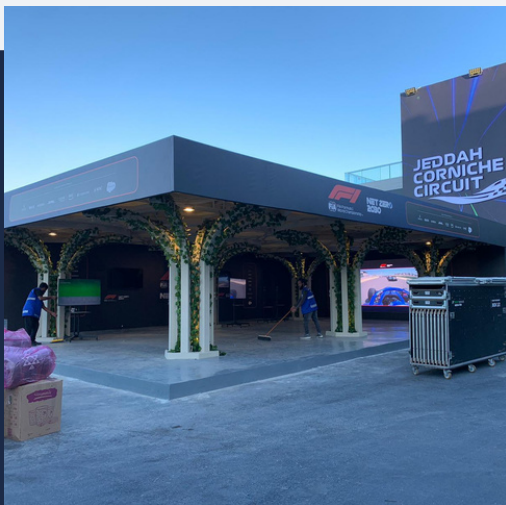

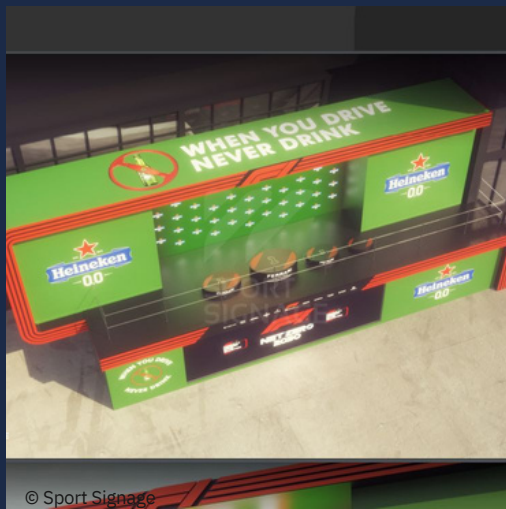

Fabrication

Installation

Zandvoort GP 2023

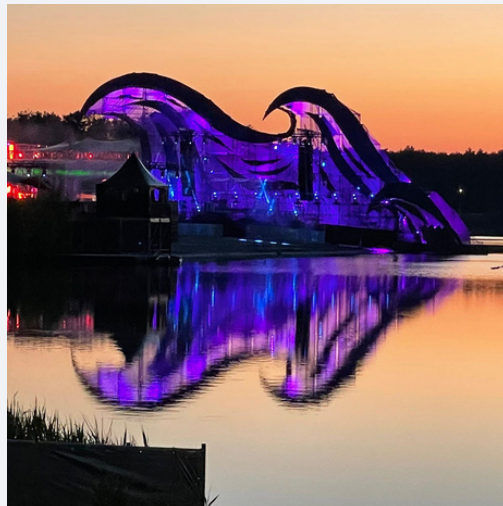

In 2023, our team supported the delivery of 18 of the 23 Formula 1 podiums worldwide.

Fabrication

Installation

# Music Festivals

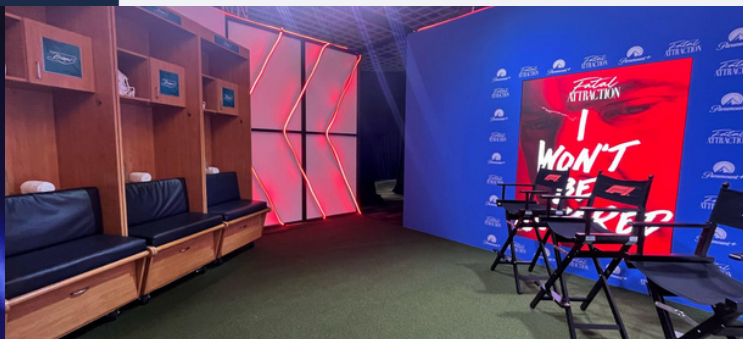

In collaboration with other companies, our team helped in the execution and installation of stage decorations for Music Festivals in the Netherlands, Belgium and Germany.
