

MALTER

PRODUCTIONS

■ Recent Productions

Introduction

We take projects from idea through to completion, by bringing together our team of highly skilled professionals on versatile projects for international clients.

In partnership with others, we have worked on various high profile Music events and Festivals such as Tomorrowland, Parookaville and many more. As well as Sport events like DTM and Formula 1.

We are excited to tackle new challenges that come our way.

Our team works on design, pre-production and setup of any client request on site during an event. This spans from Wooden structures and LED screens to truss systems and pop-up shops. We provide a team on-site at every event, accompanied by an experienced project manager.

As an event organization, we know the importance of working safely and in multiple disciplines. Therefore, we continuously work on training our team in a versatile manner.

TEAM SKILLS AND QUALIFICATIONS

Leadership

Every project is accompanied by an experienced project manager and team leader.

Machinery

Every team has trained personnel for machinery, such as scissor lifts, boom lifts, fork lifts, trucks etc.

Teamship

Our team has a united workflow, is multilingual and has a foresighted and attentive manner of execution.

Tools

The diversity of projects approached, requires a vast set of abilities with different tools and techniques, which our team can provide.

Adjustability

The variety of skills in our team, allows us to approach different and new situations with the necessary caution and expertise.

Knowledge

Our experience in the event industry, provide us with a general knowledge of the processes of the organization and execution of the operation.

Afro Nation Portugal 2024

In the 2024 edition of Afro Nation Portugal, we had the opportunity to carry out several projects in the VIP and public area, from design conception to delivery of the final product.

Conceptualization

Fabrication

Installation

Afro Nation Portugal 2024

Our team excels in the process from conceptualization and pre-production to on-site assembly, thanks to our clear communication and careful planning.

Conceptualization

Fabrication

Installation

Afro Nation 2024

One of our primary focuses is maintaining clear communication with the client from the initial draft to the final design, ensuring the quality of the final delivery.
